Career Objective

Motivated and enthusiastic Java Developer with a solid foundation in Core and advanced Java concepts. Eager to apply my skills and passion for creating and solving real world web applications. Committed to continuous learning and growth in the field, with a focus on delivering high-quality, innovative solutions.

Educations

Bachelor of Technology in Computer Science,

Vignan foundation for Science, Technology and Research: 75.00%

2020 - 2024 | Guntur, India

MPC Intermediate,

Vignan Junior College: 91.00%

2018 - 2020 | Guntur, India

Skills

Frontend Technologies

HTML, CSS, JavaScript

Back-End Technologies

Java, Spring, Spring boot

Frameworks/Libraries

Tailwind CSS, Bootstrap

Tools

Git, GitHub, Postman, AWS

Databases

MySQL, SQL, MongoDB

Projects

Face Detection System, // Python

- Developed a real-time face detection system using OpenCV in Python, leveraging Haar Cascade Classifiers for accurate face recognition.
- Implemented eye detection and object tracking within video streams, showcasing advanced computer vision techniques for enhanced user interaction.

Interactive Quiz APP, // HTML, CSS, JavaScript

- Developed an Interactive Quiz Application using HTML, JavaScript, Styled CSS, and Tailwind for a user-friendly experience
- Integrated a time-based system to enhance user engagement and transitioned to the next question upon answer selection within a section or timer completion.

Financial Sentimental Analysis, // Python, Machine Learning, Google Collab

- This project focused on analyzing financial news articles using sentiment analysis and topic modeling techniques by cleaning, preprocessing, and encoding the data using machine learning techniques.
- Applied The NLP algorithm for sentiment classification into positive, negative, or neutral categories using LSA to extract key topics and themes for different articles.

Certifications

- Cloud Computing and Data Science and Engineering organized from IIT Bangalore,
- Preliminary English Test (A2 Level) Offered by Cambridge University
- Introduction to Internet of Things (IOT) organized by IIT Bangalore

Achievements

- An active member of University Athlete Team and Multiple sports Clubs based on campus
- Active participant in UI/UX design and front-end development team workshops and gain experience.
- University Cricket Player for 3 years in a row with achievement of man of the match.
